Subject: RE: 10715776

A new declaration was required on the NOA mailed on 6-18-2007 (reason being inventors have not signed the declaration filed on 11-18-2003). However, the requirement was waived on the supplemental NOA of 7-19-2007, because applicant had filed properly executed declaration on 4-12-2004. Therefore, a new oath declaration in not required.

Thanks
